

CONNECTIONS: DELAWARE AND TOGO WEST AFRICA SCHOOL AND VILLAGE PROJECT UPDATE

International Delaware Chapter

PTPDE Togo Newsletter

Dear Friends of PTPDE

"Meeting and exchanging with communities we serve is one of the most important aspect of planning and implementing a successful project and that is our strongest strategy for our community chapter projects in Togo. On September 15, 2021, Board members of PTPI-TOGO Chapter meets with the people living in Atti Setekpe community to exchange and finalise the planning of women empowerment project implementation. In our discussions and exchanges to finalise the starting of the project, we come into conclusions that two cooperative groups of women farmers and one cooperative group of men be created to start producing vegetables and legumes for selling for generating incomes to support their children education and providing daily needs for their families with the objectives of fighting against poverty to promote Sustainable Development Goals set up by the United Nations. In PTPI, our chapters and all our partners around the globe we believe it that when families and individuals can afford the minimum needs to support their children education, provide basic needs for their family's living and having access to good health system, portable water, electricity and all that human beings need to live on daily can pave a way for peace and understanding and therefore making the world a better place for all. We believe that our collective efforts we can even do more than we are doing now. Our sincerest thanks goes to all our chapter partners, individuals and PTPI for giving us such a wonderful opportunities to be doing all that we are realising to support our communities with different projects with the aim of enhancing international understanding and Peace. Let us come together to do more to help make the world the most peaceful but better place for all. We shall keep on updating you from time to time on the progress of all activities. Peace through understanding. Newlove Bobson Atiso Togo."
